About Kimberley

Built in 1712 during the reign of Queen Anne, Kimberley sits at the centre of a 700-acre park laid out in 1778 by the nation's most famous landscape designer 'Capability' Brown. The house boasts spectacular views past grazing cattle and Norfolk's greatest concentration of ancient oaks, to a picturesque lake at the bottom of the River Tiffey valley.

Centrally located in Norfolk, 9 miles west of Norwich under an hour from Newmarket and Cambridge, close to arterial road, rail and air links (plus a private airstrip) we are ideally positioned for all kinds of events should you wish to host a wedding, customer care day, meeting, film or photo shoot, private party, product launch or large-scale open-air event. These are conducted on an exclusive basis with the privacy you would expect of a family home.

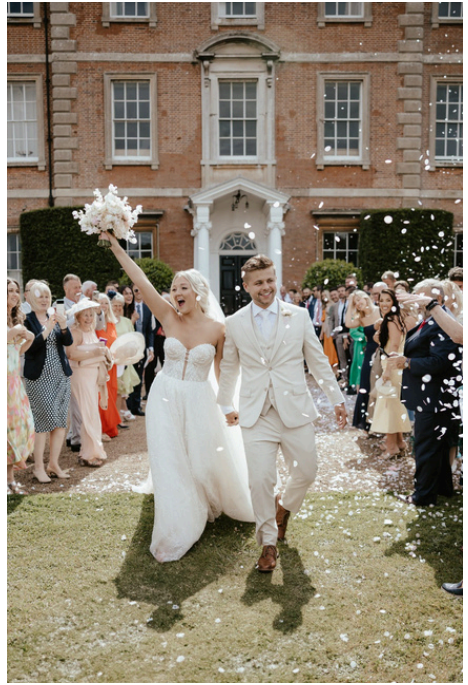

Say 'I Do' *At Kimberley*

Kimberley provides a romantic and entirely private setting all year round for your special day with a sequence of beautiful spaces both inside and out that take your guests on a theatrical journey whatever the weather. The majestic entrance hall and central staircase lead into the Music Room that is licensed for civil ceremonies. This light and elegant space with its exquisite 18th century plasterwork and large arched window looking towards the garden and yew trees honours the sincerity befitting the commitments made at a marriage ceremony.

The Music Room leads into the terraced garden (that can also be used for an external ceremony) past the fabulous spiral staircase that serves as your private route to the accommodation on two levels. For dining and entertainment the vernacular-chic West Wing provides a stylish and relaxed environment with its illuminated bar, computer-controlled LED lighting and laser system, giant mirror ball and sumptuous lounge upstairs overlooking the dance floor.

Round tables offer flexible seating for 150+ for your wedding breakfast or up to 250 for an evening reception (with additional capacity upstairs). There is also unlimited space in the garden to position our stylish stretch tent (14m x 26m) amongst the yew trees affording beautiful views of the lake.

Food & Drink

We believe it is important for you to have flexibility so we have a list of carefully selected caterers offering beautiful menus and professional staff for your event; be this a formal sit-down, garden party, or more casual dining arrangement with fun street food options or afternoon tea, bowl food, hog roasts or sharing feasts.

Our stunning marble-topped bar, back-lit with colour changing LED lighting, can deliver more or less anything you want. Additionally our bar manager will gladly put together a customised cocktail and drinks plan to suit your tastes. Our extensive wine list has been carefully put together to offer something for all tastes and budgets.

We also offer a flexible package to include canapes three-course wedding breakfast, evening food, arrival drinks, wine with your meal and a toast drink, allowing you to spend more time organizing the finer details of your day.

Our Stretch Tent

For weddings and events over 150 why not hire our elegant stretch tent made for us in south Africa in 2025. With wooden poles and white fabric, which creates a beautiful glow on a sunny day, these structures are a creative alternative to a traditional marquee and very significantly cheaper to hire. The custom made 14 x 26m tent is designed to sit neatly between the yew trees and can accommodate 250 guests seated at round tables; more guests if long tables are preferred.

The edges can also be fitted with clear panels if weather protection is required or alternatively the sides pulled to the ground against the prevailing wind. We have coir-effect matting to cover the entire area beneath the tent.

We can offer various colourful lighting and decorative packages.

Corporate Hospitality

Events, Parties, Film & Photo Shoots

For 30 years we have hosted a multitude of differing events so are well-equipped with a depth of knowledge and experience in organising and assisting you in running whatever occasion you wish to host here. The house and grounds offer a wide diversity of spaces from the classical and vernacular to the contemporary, which can be used as break-out areas to cover any type of large-scale or intimate event. Whilst the house has a maximum capacity, the grounds can host very substantial open-air events and for over three decades was home to a boutique music and creative arts festival.

No two events are the same so we tailor spaces and costs accordingly. We are also able to offer substantial ancillary areas for storage and other purposes and have a 3x3-metre projector screen set up in the West Wing for conferences, management training, team-building days, exhibitions and product launches.

Whether you wish to host a private dinner in front of the beautiful log fire, a Christmas, birthday or anniversary party beneath the giant rotating mirror ball, or come together for a family christening, wake or summer garden party for which you can utilize our beautiful stretch tent, we can cater and style for all kinds of special events throughout the year and at relatively short notice.
